Alessandro Arlotto is an Assistant Professor in the Decision Sciences area of Duke University’s Fuqua School of Business. He received his Ph.D. in 2012 from the University of Pennsylvania and joined the Fuqua School of Business in the same year.

Professor Arlotto’s research interests are in probability, optimization and their applications to business and economics. His research has appeared in several journals including the *Annals of Applied Probability, Management Science, Mathematics of Operations Research, Operations Research*, and *Stochastic Processes and their Applications*. Professor Arlotto is a recipient of the Faculty Early Career Development (CAREER) award from the National Science Foundation.

At Fuqua, Professor Arlotto teaches the core course *Probability and Statistics* in the Daytime and Executive MBA programs as well as the *Quantitative Business Analysis* course for the Master in Management Studies.
